Don't
Recertify WIPP**

The SRIC/CARD/WIPP committee will be hosting a complementary dinner and discussion with Southwest Research and Information Center's (SRIC) Don Hancock at SWOP on nuclear waste issues. Rey Garduño will also be part of the program.

We will update taxpayers about upcoming issues at the Waste Isolation Pilot Plant (WIPP). Specifically, the NM Environmental Protection Agency Recertification deadline and Governor Martinez's open door invitation to High Level Nuclear Waste Dumping and the latest proposals for transporting more waste through New Mexico.

Come for dinner. Stay for the discussion.
Tuesday, June 9, 2015, 6:00 pm
At the SWOP Office (SouthWest Organizing Project)
10th & Gold SW
