Re: U.S. Senate Bill 197
2017 Amendments to the Radiation Exposure Compensation Act
Need for Senate Judiciary Committee Hearings

Dear Senator Crapo, Senator Udall, and Senator Heinrich:

Thank you for reintroducing the proposed amendments to the Radiation Exposure Compensation Act (RECA) that include the Trinity Downwinders. Senate Bill 197 needs to be heard in the Senate Judiciary Committee at the earliest date possible. The Trinity Downwinders have been waiting for too long to be recognized, and to be provided with compensation and medical care as other nuclear test downwinders have.

Please add my name to your RECA list for updates.

Thank you again for your action on RECA.

Sincerely,

Name: _____
