

15TH ANNUAL HIROSHIMA PEACE DAY COMMEMORATION AND PEACE VIGIL

When: Saturday, August 4th Starting at 2:00pm

Where: Ashley Pond in downtown Los Alamos, NM

Join us as we remember the 73rd anniversary of the U.S. atomic bombing of Hiroshima and Nagasaki, at the place where the first nuclear weapons were built and where they continue to be built. We will have a silent procession carrying our peace signs towards the Lab, sit in sackcloth and ashes for 30 minutes of silence, and then gather back at Ashley Pond for discussion and reflection led by Father John Dear, activist and author.

"We've been going to Los Alamos every August for fifteen years now, to pray and speak out for the abolition of nuclear weapons; but the world's violence and war making is only worsening while we continue to waste billions of dollars on these weapons of mass destruction." -- Father John Dear
